

# Centre of Knowledge Transfer , Industry and Community Linkages (PIJIM)

The Centre of Knowledge Transfer, Industrial and Community Linkages (PIJIM) is a PTJ originally formed from the merging of two PTJs, the Research Networks Centre ECER (PJP ECER) and the Innovation and Knowledge Transfer Centre (PIPI). Since 15 November 2014, PIJIM has set out to achieve its mission of being a champion in the knowledge transfer and industry networking for coastal communities.

## Objektif PIJIM

Therefore, the agreed-upon and guiding objectives of PIJIM include:

### Reference centre and Coordinator

To be the reference centre and coordinator for university-academia collaboration and community engagement in coastal communities

### Smart Partnerships

To foster and leverage smart partnerships with industries and communities locally and globally
